REMARKS BY THE SCHOOL BOARD

To the Citizens of Antrim:

In summing up the events of the school year just passed, that of 1920 and 1921, we feel that there has been marked progress; a year of great success in every way. Our teachers were of the best and did their utmost to keep the schools up to the standard which the town expects.

At the beginning of the school year a revised curriculum was put into operation for the high school. It consists of the following courses: Academic, General and Domestic Arts, the Agricultural being omitted. The break previously existing between the grammar school and high school has to a marked degree been overcome by having some of the eighth grade subjects taught in the high school; namely, American History, English, Domestic Arts and Manual Training.

We were obliged to close the East School as a competent teacher could not be found for this work, and the children were transferred to the North Branch and South Antrim schools. This was a very expensive thing to do; the children living so far apart, three teams had to be procured for transportation. But a poorly taught school is money thrown away for the town and a waste of time for the children.

Improvements have been made which will add much to the sanitary and lighting conditions of the school buildings.

A splendid gift was presented to the high school by the Graduating Class which was greatly appreciated: A fine oak teacher's desk for the assembly room.

In closing this report we want to call your attention to our high school. In any town a high school is a very large factor in the life of that town. Our boys and girls are deserving of the best we can give them and we want them to have, as far as possible, everything that any good high school has anywhere. Citizens, parents and teachers, let us stand together, work together, for the good of these young people of Antirm. We would urge the people of Antrim to visit the school and see these boys and girls in their class rooms, hear them recite and know just what they are doing, also exchange thoughts and plans with the teachers.

MATTIE L. H. PROCTOR

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board of Antrim:

Herewith is respectfully submitted the report of the Superintendent of Schools for the year closing December 31, 1921.

Schools opened on Sept. 7, 1920, with only two changes in the corps of teachers. Miss Rose Wilkinson resigned as teacher of the primary grades, and Miss Susie Maxwell resigned as teacher of the North Branch school at the close of schools in June 1920. Their resignation was regretted as they were faithful, competent teachers. Miss Bernice I. Buxton was chosen teacher of the primary grades and Miss Flora Charter at teacher at the Branch. These with other teachers named in the statistical table continued with us throughout the year.

At the close of the school year in June 1921, the high school faculty resigned. In order to retain their services during this year, their second year in the school, it was necessary to increase their salaries, beyond the point which even they recognized as exceptional for a school the size of our High School. Two of them went to other positions with higher salaries, and one became married.

Hence when school opened in Sept. 1921, we had an entirely new high school faculty. Mr. H. N. Dunham, a man of considerable experience, was elected Head Master of the school, with Miss Helen Crawford and Hazel Lougee as assistants. Miss Charter resigned in June 1921, and Mrs. Anna Hilton was elected teacher of the North Branch School.

In Sept. 1920, no arrangements could be made with the adjoining towns to engage a music teacher, so for

that year we were without supervision in that subject, and when Miss Sarah Baker, Supervisor of Drawing, resigned in June 1921, no arrangement could be made to have a special supervisor for that work. However, in Sept. 1921, Miss Lena Conant, who had been and is the Supervisor of Music in Henniker and Hillsboro, agreed to devote one day a week to Antrim, going to the outside schools once in two weeks.

On January 28, 1921, the High School building caught fire and though it was extinguished without injury to any individual, the cost of repairs in addition to other expenses, aided in increasing the amount spent for education. The toilet arrangements in the High School building has been unsatisfactory for some time, and during this year a sanitary chemical closet, the Kaustine Closet, has been installed. The ceiling of the Branch School building was painted a lighter color, making the room much pleasanter and lighter.

Our outside schools have had more cases of tardiness than is normal for rural schools, and no doubt when this is brought to the attention of the parents their co-operation will result in an improvement.

We have a long list of names on the Roll of Honor, and when it is remembered that these fifteen children have been present every day, and never late, it will be seen that it is a real honor to have a place on that list. The attendance in all the schools has been excellent, being over 90 per cent for all schools. The High School carrying off the honors with 97.3 per cent.

During the fall term an oil stove was transferred from the High School to each of the rural schools, and hot lunches have been served to the pupils with good results. Mr. Cate, of the Liberty Farm, has offered a prize to the pupil in the Branch school making the greatest progress during the year. This has created considerable enthusiasm and such interest in the children is surely appreciated.

We often hear complaints concerning the expense of conducting our schools, but when we compare the amount we have spent with the amount expended by other districts in New Hampshire, it will be seen that

our expenses are not excessive. A list of all New Hampshire school districts has been arranged in the order of their expenses per \$1000.00 of equalized valuation. The district which heads the list spent \$21.39 per \$1000.00 of equalized valuation. Antrim stood 103rd on the list with an expenditure \$9.11. That is, there are in the state 102 districts spending more on education in proportion to their valuation than Antrim.

According to the report handed in to the Superintendent, the High School had but four visitors during the year. We have a conscientious, able corps of teachers and they would be encouraged in their work by visits from the parents, and the resulting better acquaintance between home and school, would be an advantage to the children.

We wish to voice our appreciation of the faithful work of the Committee and the teachers

Signed, AMASA A. HOLDEN
